| 24 | 153, 0, 255 |
| 25 | 204, 0, 255 |
| 26 | 255, 0, 255 |
| 27 | 255, 0, 204 |
| 28 | 255, 0, 153 |
| 29 | 255, 0, 102 |
| 30 | 255, 0, 53 |

The RGB colour model combines red, green and blue light in various proportions to produce intermediate colours.
Numbers from 0 to 255 determine levels of brightness of each colour producing a triplet of comma-separated values.
